Many thanks for your recent enquiry. My current charges for medico-legal work are given below:

- £500 for preparation of scoping report
- £500 per 300-pages of medical records for a court ready report. Online access to records is preferred. Large PDF files cannot be handled. PDF files must be broken down to smaller files (< 5mb), they must be indexed and paginated. Chronologies must be provided as part of instructions.
- Scans can be interpreted as part of case review at a charge of £500 per case. These need to be available on an online platform with integrated reviewer. I require a written report of each scan set from a radiologist and / or a meeting with other relevant members of a multi-disciplinary team of specialists. I do not report scans independently; I support their interpretation for clinical decision making

- £200 per hour for time spent travelling
- £3500 per day (£1750 per half day) if it is necessary for me to appear in Court –

 - Cancellation within three to five working days will be charged at £1000 per day

A scoping report will be available with 14 working days of receipt of relevant documents.
